CODECHEF : <https://www.codechef.com/users/dhodduraaj>

CAREER OBJECTIVE :

Motivated Computer Science and Design student with hands-on experience in full-stack and backend development using Java, Spring Boot, and the MERN stack. Passionate about building scalable, user-centric applications and eager to apply strong problem-solving skills to real-world software development challenges.

EDUCATION :

- B.E Computer Science and Design** : Kongu Engineering College 2023-27 - **CGPA** : 9.11 (upto 5th sem)
- Higher Secondary** : Bharathiyar Matriculation Hr Sec School, Attur - **Percentage** : 92%
- SSLC** : St.Michael's Matriculation Hr Sec School, Thumbal - **Percentage** : 92%

TECHNICAL SKILLS :

- Programming Languages** : JAVA, C, C++, JavaScript
- Design Tools** : Figma, Framer, Adobe Illustrator, Blender
- Web & Framework** : HTML, CSS, React, Node.js, Express.js, Spring Boot
- Developer Tools & DB** : VS Code, IntelliJ IDEA, Git, Github, MongoDB, Postgres SQL

AREAS OF INTEREST :

- JAVA
- Data Structures and Algorithms
- Database Management System

PROJECTS :

Portfolio cum Dog Supplements E-Commerce Platform | MERN, Razorpay, Resend, Cloudinary, Google OAuth

- Built a full-stack e-commerce platform for ordering dog supplements with secure authentication and online payments.
- Implemented cart, order management, and automated email notifications for real-time order status updates.
- Developed an admin dashboard for product, inventory, and order workflow management.

Smart Wallet - Expense Tracker & Finance Management App | Spring Boot, React, PostgreSQL (Neon), PWA, Android APK

- Designed a full-stack expense and income tracking system with reminders, notifications, and PDF exports.
- Built interactive dashboards, account transfers, and secure user profile management.
- Deployed scalable backend and frontend using cloud platforms with mobile APK support.

Mental Wellbeing Monitoring Platform | React, Node.js, Express, MongoDB, Google Gemini AI

- Developed an AI-based mental health support platform providing therapy chat, mood assessment, and emotion analysis.
- Implemented a CBT-focused AI chatbot and real-time face mood detection using Google Gemini AI.
- Improved user engagement through a modern, responsive interface and instant AI-generated insights.

CERTIFICATIONS :

- Infosys Springboard** : Introduction to JAVA
- ORACLE** : JAVA SE 17 Developer, AI Foundations Associate, Generative AI Professional
- NPTEL** : HCI Design & Implementation, Affective Computing, Privacy and Security in Online Social Media

ACHIEVEMENTS :

- Top 5% Student Award for Academic Excellence Twice (2023-2024 & 2024-2025).
- Secured 6th place in BYTS-India Hackathon conducted by BYTS Training Institution.
- Secured top 10 in HackGeniX-2025 (Hackathon) conducted by Sathyabama University.
- Secured second place in Ideathon POC event (2024) on the topic of AI Driven Water Quality Classifier.
- Solved 300+ coding problems across LeetCode, Hackerrank, and Codechef.
- Leadership: Serving as Executive member of CDCC (Department Coding Club).
